WELCOME

FROM THE PRESIDENT

Please allow me to welcome you to the College of Southern Nevada.

Being a new student in a new college, a new city, and a new country is a unique experience for everyone, but it is one you will cherish for years to come.

I remember how excited I was to start college, but there were also times when I felt overwhelmed. CSN, we understand, and we are here to help you become the best college student you can be.

The College of Southern Nevada offers our students an exceptional study environment centered around on three dynamic campuses in the Las Vegas Metropolitan Area — each of them featuring state-of-the-art labs and classrooms, brand new student unions, and a host of student services available to all.

We offer a comprehensive range of ambitious degree and certificate programs designed to fuel your curiosity and prepare you for a successful career.

Here, you will become part of a learning environment that offers affordable, quality programs in a values-based teaching environment with room for academic and personal development so you can achieve, succeed and prosper.

And you will not be alone. Our Campuses are home to more than 35,000 students who are also pursuing their goals, dreams and ambitions.

We offer extensive services to our international community to ease the transition into your new life in Las Vegas, leaving you time to focus on your studies and to make new friends. We hope you will take advantage of everything we have to offer.

Welcome to your new home away from home here at CSN!

Federico Zaragoza, Ph.D.

President
College of Southern Nevada

ACADEMIC AREAS

Our 11 Areas of Study provide a clear path to completion by presenting a narrowed set of choices that support student success. Each area groups our 137 associate degrees, 15 bachelor degrees, 90 certificate of achievement, and 47 skills certificates by interest and presents a defined pathway towards a career field while providing room for additional career exploration.

STUDENT LIFE

STUDENT ORGANIZATIONS

With more than 30 different student organizations, CSN offers its students plenty of social networking and extracurricular opportunities so you can gain new friends in a very short time.

CSN ATHLETICS

Also, our Campuses feature several professional athlete sports teams and you should definitely go see them in action!

INTERNATIONAL STUDENT ORGANIZATION (ISO)

This award-winning club was started by international students for international students.

The ISO organizes social and volunteer events every semester so students can network, find potential roommates, develop friendships, create study groups, and so much more!

ISO members also volunteer at International Center events like Ambassador Day during International Education Week and Welcome Day for new students.

RESIDENTIAL LIFE

■ CSN IS A NON-RESIDENTIAL CAMPUS

CSN IS A NON-RESIDENTIAL CAMPUS

International students are encouraged to either live with a host family or at an apartment near their home campus.

Please contact the International Center to determine which of our campuses hosts your academic program

■ HOMESTAYS

Homestay provides an excellent opportunity to experience American family life in person. Through homestay, you will live with an American host family.

They will provide you with a room to stay and two meals per day. Homestay families often invite their students with them for weekend activities and other outings.

■ APARTMENTS FOR RENT

If you prefer more independent living, you can rent an apartment. Here are some things to consider when choosing an apartment:

Will you have a roommate? Sharing the cost of an apartment with one or more roommates can both reduce the cost of living and create a unique social experience. However, living with roommates is not for everyone. Think about your lifestyle and if you would be ok sharing an apartment with someone.

Will you rent a furnished or unfurnished apartment? Most unfurnished apartments in the Las Vegas come with a refrigerator, stove and oven, and dishwasher. Furnished apartments come with everything you need to live – furniture, sheets, towels, dishes and cookware, tables, and desks. Furnished apartments are more expensive than unfurnished apartments, but you do not have to purchase anything to live comfortably.

How close is this apartment to my home campus? Las Vegas is a spacious city, and travel to and from campus can take much of your time and money if you do not drive your own car. Consider your travel time to and from school when selecting the location of your apartment.

Our International Center can help you with recommendations for apartments or connect you with a homestay coordinator.

Some students prefer to visit the apartment complex and find a place to live after they arrive in Las Vegas. While this is possible, we recommend against it unless you have a friend or family member to stay with until you find your own living arrangements.

We find it is less stressful for you to know where you will live before you arrive in Las Vegas.

PRactical TRAINING

(Career services and CPT/OPT)

■ CAREER CENTER SERVICES

Our on-campus Career Services Centers help our students define career goals through career assessments and offer job search services, including assistance in writing resumes and cover letters and interviewing skills to students and community members at no additional cost.

Generally, there are three types of employment that international students may be approved for while studying at CSN. All International students must meet with an International Center advisor to determine whether their visa status allows for employment eligibility or not.

■ On-Campus Employment

- This type of employment refers to on-campus jobs at CSN.
- Students can work up to 20 hours per week while courses are in session and 40 hours during vacations and summer

■ Practical Training Employment

CPT

Curricular Practical Training (CPT) is defined to be any alternate work study, internship, cooperative education, or any other type of required internship or practicum that is offered by sponsoring employers through cooperative agreements with the school. To be considered for CPT, the work must be an integral part of established curriculum.

OPT

Optional Practical Training (OPT) is intended to provide hands-on practical experience complementary to the academic program. OPT is designed to provide students with an opportunity for practical training directly related to the student's major area of study.

ENDLESS OPPORTUNITIES

Kickstart your career and start building your resume while you are a CSN student.
