

SKILLS CERTIFICATES

Skills certificates are intended to provide preparation necessary to take state, national, and/or industry recognized certification or licensing examinations. Some may also serve as a stackable credential within existing associate degree tracks. Skills Certificates are less than 30 credit hours and are more narrow in focus than Certificates of Achievement. Please note that while skills certificates provide the instruction and training, CSN does not guarantee a student will pass the intended certification or licensing exam.

Upon successful completion of all course requirements, skills certificates will appear at the end of the final semester on the transcript, however diplomas are not issued for Skills Certificates.

Apprenticeship Skills Certificates

BRICKLAYER - JOURNEYMAN

Courses Required		Credits
BRL 101B	Bricklayers' Apprentice I	4
BRL 102B	Bricklayers' Apprentice IB	4
BRL 105B	OSHA/First Aid/CPR for Bricklayers	3
BRL 151B	Bricklayers' Apprentice II	4
BRL 152B	Bricklayers' Apprentice IIB	4
BRL 201B	Bricklayers' Apprentice III	4
BRL 202B	Bricklayers' Apprentice IIIB	4
Total:		27

CEMENT MASON - JOURNEYMAN

Courses Required		Credits
CMA 111B	Cement Mason Apprentice I	4
CMA 112B	Cement Mason Apprentice IB	3
CMA 141B	Cement Mason Apprentice II	3
CMA 142B	Cement Mason Apprentice IIB	4
CMA 201B	Cement Mason Apprentice III	3
CMA 202B	Cement Mason Apprentice IIIB	4
CMA 251B	Cement Mason Apprentice IV	3
CMA 252B	Cement Mason Apprentice IVB	4
Total:		28

FLOOR COVERER - JOURNEYMAN

Courses Required		Credits
FLCV 100B	Introduction to the Union and Construction Trade	1
FLCV 111B	Introduction to the Flooring Trade	3
FLCV 121B	Floor Installation Process	5
FLCV 131B	Carpet Installation Process	5
FLCV 141B	Special Floors and Finishes	3
FLCV 200B	Math for Floor Coverers	2
FLCV 211B	Drawings (Blueprints) for Floor Coverers	2
FLCV 221B	Safety Awareness	4
FLCV 231B	Leadership	2
Total:		2

PAINTER - JOURNEYMAN

Courses Required		Credits
PTD 101B	Painting/Decorating Apprentice I	4
PTD 102B	Painting/Decorating Apprentice IB	4
PTD 105B	OSHA 10/First Aid/CPR	1
PTD 151B	Painting/Decorating Apprentice II	4
PTD 152B	Painting/Decorating Apprentice IIB	4
PTS 155B	Respirators/Lead Abatement	1
PTD 201B	Painting/Decorating Apprentice III	4
PTD 202B	Painting/Decorating Apprentice IIIB	4
PTD 205B	Heavy Equipment Operation	1
PTD 255B	COMET	1
Total:		28

RESIDENTIAL WIREMAN - JOURNEYMAN

Courses Required		Credits
ELEC 115B	Residential Apprentice I	4
ELEC 116B	Residential Apprentice II	4
ELEC 117B	Residential Apprentice III	4
ELEC 118B	Residential Apprentice IV	4
ELEC 119B	Residential Apprentice V	4
ELEC 120B	Residential Apprentice VI	4
ELEC 127B	Mobile Equipment Safety	1
ELEC 137B	OSHA 30	2
Total:		27

TEAMSTERS - JOURNEYMAN

Courses Required		Credits
TMST 100B	OSHA General Industry Class	1
TMST 120B	Introduction to the Convention Industry	2
TMST 130B	Beginning Decorating	2
TMST 140B	Beginning Systems	1
TMST 150B	Beginning Design and Repair	2
TMST 160B	Beginning Installation and Dismantle	2
TMST 170B	Forklift Theory	3
TMST 200B	Advanced Forklift	3
TMST 220B	Advanced Installation and Dismantle	3
TMST 230B	Lead Foreman Training	2
TMST 240B	First Aid/CPR	1
TMST 250B	Condor Operating	3
TMST 260B	Rigging	1
TMST 270B	Scissor Lift	1
Total:		27

TILE SETTER - JOURNEYMAN

Courses Required		Credits
TLS 101B	Tile Setter Apprentice I	4
TLS 102B	Tile Setter Apprentice IB	4
TLS 105B	OSHA/First Aid/CPR for Tile Setters	3
TLS 151B	Tile Setter Apprentice II	4
TLS 152B	Tile Setter Apprentice IIB	4
TLS 201B	Tile Setter Apprentice III	4
TLS 202B	Tile Setter Apprentice IIIB	4
Total:		27

Bricklayers

ASSOCIATE OF APPLIED SCIENCE (AAS)

REQUIRED CREDITS: 60

DEGREE CODE: BRCKTD-AAS

PROGRAM DESCRIPTION

This degree prepares students for employment as a Journeyman Bricklayer with the Bricklayers Union. **This is a restricted entry program. Students MUST be indentured in the Bricklayers Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills emphasizing related math, science, and human relations components are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable bricklayer tools.
- Comprehend and utilize formulas used in the calculations of all phases of brick laying.
- Demonstrate the ability to troubleshoot and repair any problems that arise with brick laying installations.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

GENERAL EDUCATION REQUIREMENTS (33 CREDITS)**MATHEMATICS (3 credits)**

MATH 116

ENGLISH COMPOSITION (6 credits)

ENG 101 or 102 or 107

COMMUNICATIONS (6 credits)

COM 101 or 215; or ENG 101

HUMAN RELATIONS (3 credits)

ALS 101; ANTH 101, 112; HIST 105; HMS 130; MGT 100B

NATURAL SCIENCE (8 credits)

AST 101; BIOL 101; CHEM 103; EGG 131, 132; ENV 101; GEOG 103, 104; GEOL 100; PHYS 110

FINE ARTS/HUMANITIES/SOCIAL SCIENCE (3 credits)

ANTH 101; ART 160; ECON 102; MUS 121, 125; PHIL 102; PSY 101; SOC 101

U.S. AND NEVADA CONSTITUTIONS (4-6 credits)

PSC 101; or HIST 101 and HIST 102; or HIST 101 and HIST 217

SPECIAL PROGRAM REQUIREMENTS (27 CREDITS)

BRL 101B	Bricklayers' Apprentice I	4
BRL 102B	Bricklayers' Apprentice IB	4
BRL 105B	OSHA/First Aid/CPR for Bricklayers	3
BRL 151B	Bricklayers' Apprentice II	4
BRL 152B	Bricklayers' Apprentice IIB	4
BRL 201B	Bricklayers' Apprentice III	4
BRL 202B	Bricklayers' Apprentice IIIB	4

- NOTE**
- Course numbers with the "B" suffix may be non-transferable for a NSHE baccalaureate degree.
 - Course numbers with the "H" suffix are designated Honors-level courses and can be used to fulfill equivalent general education requirements. For more information visit www.csn.edu/honors.
 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any BRL journeyman course offered for credit may be substituted for any of the above BRL apprentice courses. Please contact the program coordinator for more details.
- Special consideration will be given students who complete the Bricklayers' Trade Associate of Applied Science Degree if they are affected by the retroactive six year rule.

Bricklayers

CERTIFICATE OF ACHIEVEMENT (CA)

REQUIRED CREDITS: 30

DEGREE CODE: BRCKTD-CT

PROGRAM DESCRIPTION

This program prepares students for employment as a Journeyman Bricklayer with the Bricklayers Union. **This is a restricted entry program. COM 101 or 215; or ENG 101

SPECIAL PROGRAM REQUIREMENTS (27 CREDITS)

CPT 102B	Orientation	2
CPT 104B	Safety and Health Certifications	2
CPT 107B	Print Reading	2
CPT 113B	Doors and Door Frames	1.5
CPT 129B	Advanced Print Reading	2
DWA 105B	Basic Metal Framing	1.5
DWA 109B	Basic Lathing	1.5
DWA 111B	Drywall Application	1.5
DWA 113B	Drywall Installation/Finish Trims	1.5
DWA 115B	Framing Ceilings and Soffits	1.5
DWA 117B	Framing Curves and Arches	1.5
DWA 119B	Framing Suspended Ceilings	1.5
DWA 121B	Advanced Metal Framing	1.5
DWA 125B	Drywall/Acoustical Ceilings	1.5
DWA 129B	Free-Form Lathing	2
DWA 131B	Light Gage Welding - AWS	2

Computation included in DWA 117B

Human Relations included in CPT 102B

- NOTE**
- Course numbers with the “B” suffix may be non-transferable for a NSHE baccalaureate degree.
 - Course numbers with the “H” suffix are designated Honors-level courses and can be used to fulfill equivalent general education requirements. For more information visit www.csn.edu/honors.
 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any DWA journeyman course offered for credit may be substituted for any of the above DWA apprentice courses. Please contact the program coordinator for details.
- Special consideration will be given students who complete the Drywall Applicator Certificate of Achievement if they are affected by the retroactive six year rule.

Environmental and Construction Laborer

ASSOCIATE OF APPLIED SCIENCE (AAS)

REQUIRED CREDITS: 60

DEGREE CODE: LBCONT-AAS

PROGRAM DESCRIPTION

This degree prepares the student for employment as a Journeyman Laborer with the Laborers Union. **This is a restricted entry program. The student MUST be indentured in the Laborers' Environmental and Construction Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills emphasizing math, science, and human relations components are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable Laborer tools.
- Comprehend and utilize formulas used in the calculations of all phases of Laborer work.
- Demonstrate the ability to troubleshoot and repair any problems that may arise in Laborer work.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

GENERAL EDUCATION REQUIREMENTS (27 CREDITS)

In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any OPE journeyman course offered for credit may be substituted for any of the above OPE apprentice courses. Please see the program coordinator for details. Special consideration will be given students who complete the Operating Engineers Certificate of Achievement if they are affected by the retroactive six year rule.

Glazier

ASSOCIATE OF APPLIED SCIENCE (AAS)

REQUIRED CREDITS: 60

DEGREE CODE: GLAZ-AAS

PROGRAM DESCRIPTION

This degree prepares students for employment as a Journeyman Glazier with the Glaziers Union. **This is a restricted entry program. Students MUST be indentured in the Glaziers Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills, emphasizing related math, science, and human relations components are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable glazing tools and equipment.
- Comprehend and utilize formulas used in the calculations of all phases of glazing work.
- Demonstrate the ability to troubleshoot and repair any problems that arise in glazing installations.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

GENERAL EDUCATION REQUIREMENTS (27 CREDITS)**MATHEMATICS (3 credits)**

MATH 116

ENGLISH COMPOSITION (3 credits)

ENG 101 or 107

COMMUNICATIONS (3 credits)

COM 101 or 215; or ENG 101

HUMAN RELATIONS (3 credits)

ALS 101; ANTH 101, 112; HIST 105; HMS 130; MGT 100B

NATURAL SCIENCE (8 credits)

AST 101; BIOL 101; CHEM 103; EGG 131, 132; ENV 101; GEOG 103, 104; GEOL 100; PHYS 110

FINE ARTS/HUMANITIES/SOCIAL SCIENCE (3 credits)

ANTH 101; ART 160; ECON 102; MUS 121, 125; PHIL 102; PSY 101; SOC 101

U.S. AND NEVADA CONSTITUTIONS (4-6 credits)

PSC 101; or HIST 101 and HIST 102; or HIST 101 and HIST 217

SPECIAL PROGRAM REQUIREMENTS (33 CREDITS)

GLZR 111B Glazier I	5
GLZR 112B Glazier II	3
GLZR 121B Glazier III	4
GLZR 122B Glazier IV	3
GLZR 131B Glazier V	5
GLZR 132B Glazier VI	5
GLZR 141B Glazier VII	5
GLZR 142B Glazier VIII	3

- NOTE**
- Course numbers with the “B” suffix may be non-transferable for a NSHE baccalaureate degree.
 - Course numbers with the “H” suffix are designated Honors-level courses and can be used to fulfill equivalent general education requirements. For more information visit www.csn.edu/honors.
 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any GLZR journeyman course offered for credit may be substituted for any of the above GLZR apprentice courses. Please contact the program coordinator for more details.
- Special consideration will be given students who complete the Glaziers Associate of Applied Science Degree if they are affected by the retroactive six year rule.

Inside Wireman

ASSOCIATE OF APPLIED SCIENCE (AAS)

REQUIRED CREDITS: 60

DEGREE CODE: ELAPPR-AAS

PROGRAM DESCRIPTION

This degree prepares students to take the Journeyman Electricians Exam administered by the International Brotherhood of Electrical Workers. **This is a restricted entry program. Students MUST be indentured in the IBEW Inside Wireman Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills emphasizing related math, science and human relations components are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable electrical tools.
- Comprehend and utilize formulas used in the calculations of all phases of electrical work.
- Install all necessary equipment to complete any electrical system.
- Demonstrate the ability to troubleshoot and repair any problems that arise in electrical systems.
- Successfully pass Journeyman Electrician’s exams administered by the IBEW and the Clark County Building Department.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

This degree prepares students for employment as a Machinist with the Operating Engineers Union. **This is a restricted entry program. Students MUST be indentured in the Operating Engineers Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills emphasizing math, science and human relations are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable machinists' tools.
- Comprehend and utilize formulas used in the calculations of all phases of machinists' work.
- Demonstrate the ability to troubleshoot and repair any problems that arise in machinists' work.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

GENERAL EDUCATION REQUIREMENTS (30 CREDITS)

MATHEMATICS (5 credits)

OPE 116B

ENGLISH COMPOSITION (3 credits)

ENG 101 or 102 or 107

COMMUNICATIONS (3 credits)

COM 101 or 215; or ENG 101

HUMAN RELATIONS (5 credits)

OPE 101B

NATURAL SCIENCE (5 credits)

OPE 260B

FINE ARTS/HUMANITIES/SOCIAL SCIENCE (3 credits)

ANTH 101; ART 160; ECON 102; MUS 121, 125; PHIL 102; PSY 101; SOC 101

U.S. AND NEVADA CONSTITUTIONS (6 credits)

HIST 101 and HIST 102; or HIST 101 and HIST 217

SPECIAL PROGRAM REQUIREMENTS (30 CREDITS)

OPE 105B	Machine Tools I	5
OPE 110B	Technical Sketching	5
OPE 124B	Blueprint Reading for Welders/Machinists	5
OPE 131B	Introduction to Computer Aided Drafting	5
OPE 201B	Hazardous Materials Handling Awareness	5
OPE 212B	Welding	5

- NOTE**
- Course numbers with the "B" suffix may be non-transferable for a NSHE baccalaureate degree.
 - Course numbers with the "H" suffix are designated Honors-level courses and can be used to fulfill equivalent general education requirements. For more information visit www.csn.edu/honors.
 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any OPE journeyman course offered for credit may be substituted for any of the above OPE apprentice courses. Please contact the program coordinator for more details.
- Special consideration will be given students who complete the Operating Engineers Associate of Applied Science if they are affected by the retroactive six year rule.

Machinist

CERTIFICATE OF ACHIEVEMENT (CA)

 - Course numbers with the “H” suffix are designated Honors-level courses and can be used to fulfill equivalent general education requirements. For more information visit www.csn.edu/honors.
 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any PDA journeyman course offered for credit may be substituted for any of the above PDA apprentice courses. Please contact the program coordinator for more details.
- Special consideration will be given students who complete the Pile Driver Associate of Applied Science if they are affected by the retroactive six year rule.

Pile Driver

CERTIFICATE OF ACHIEVEMENT (CA)

REQUIRED CREDITS: 31

DEGREE CODE: PDA-CT

PROGRAM DESCRIPTION

This program prepares students for employment as a Journeyman Pile Driver with the Carpenters Union. **This is a restricted entry program. Students MUST be indentured in the Carpenters Apprenticeship Program before enrolling in classes.** For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable pile driver tools.
- Comprehend and utilize formulas used in the calculations of all phases of pile driver work.
- Demonstrate the ability to troubleshoot and repair any problems that arise with pile driver work.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

Piping Trades

ASSOCIATE OF APPLIED SCIENCE (AAS)

REQUIRED CREDITS: 60

DEGREE CODE: PPF-AAS

PROGRAM DESCRIPTION

This degree prepares students to take the Journeyman Piping Trades exam administered by the United Association. **This is a restricted entry program. Students MUST be indentured in the United Association Piping Trades Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills emphasizing math, science, and human relations components are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable pipe trades tools.
- Comprehend and utilize formulas used in the calculations of all phases of the piping trades.
- Install all necessary equipment to complete any piping system.
- Demonstrate the ability to troubleshoot and repair any problems that arise in piping systems.
- Successfully pass Journeyman Pipe Trade exams administered by the United Association and the Clark County Building Department.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

- Demonstrate the ability to troubleshoot and repair any problems that arise in roofing installations.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

GENERAL EDUCATION REQUIREMENTS (3 CREDITS)

COMMUNICATIONS (3 credits)

COM 101 or 215; or ENG 101

SPECIAL PROGRAM REQUIREMENTS (28 CREDITS)

RFR 101B	Roofers Apprentice I	4
RFR 102B	Roofers Apprentice I s	4
RFR 151B	Roofers Apprentice II	4
RFR 152B	Roofers Apprentice II s	4
RFR 201B	Roofers Apprentice III	4
RFR 211B	Safety	4
RFR 212B	CPR, First Aid and OSHA 10	4

Computation included in RFR 102B

Human Relations included in RFR 101B

- NOTE**
- Course numbers with the “B” suffix may be non-transferable for a NSHE baccalaureate degree.
 - Course numbers with the “H” suffix are designated Honors-level courses and can be used to fulfill equivalent general education requirements. For more information visit www.csn.edu/honors.
 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any RFR journeyman course offered for credit may be substituted for any of the above RFR apprentice courses. Please contact the program coordinator for details. Special consideration will be given students who complete the Roofers and Waterproofers Certificate of Achievement if they are affected by the retroactive six year rule.

Scaffold Erector

ASSOCIATE OF APPLIED SCIENCE (AAS)

REQUIRED CREDITS: 60

DEGREE CODE: SEA-AAS

PROGRAM DESCRIPTION

This degree prepares students for employment as a Journeyman Scaffold Erector with the Carpenters Union. **This is a restricted entry program. Students MUST be indentured in the Carpenters Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills emphasizing related math, science and human relations components are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable scaffold erector tools.
- Comprehend and utilize formulas used in the calculations of all phases of scaffold erector work.
- Demonstrate the ability to troubleshoot and repair any problems that arise with scaffold erector installations.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any IRW journeyman course offered for credit may be substituted for any of the above IRW apprentice courses. Please contact the program coordinator for details. Special consideration will be given students who complete the Structural Steel Ironworker Certificate of Achievement if they are affected by the retroactive six year rule.

Surveyors

ASSOCIATE OF APPLIED SCIENCE (AAS)

REQUIRED CREDITS: 60

DEGREE CODE: OPESUV-AAS

PROGRAM DESCRIPTION

This degree prepares students for employment as a Surveyor with the Operating Engineers Union. **This is a restricted entry program. Students MUST be indentured in the Operating Engineers Apprenticeship Program before enrolling in classes.** Along with special program courses, academic skills emphasizing math, science and human relations are stressed to prepare students to meet the challenges common in the work place. For further information, contact the Division of Apprenticeship Studies at 702-651-4163.

STUDENT LEARNING OUTCOMES

- Comprehend and utilize all applicable surveyors' tools.
- Comprehend and utilize formulas used in the calculations of all phases of surveyor's work.
- Demonstrate the ability to troubleshoot and repair any problems that arise in surveyor's work.

PLEASE NOTE - The courses listed below may require a prerequisite or corequisite. Read course descriptions before registering for classes. All MATH and ENG courses numbered 01-99 must be completed before reaching 30 total college-level credits. No course under 100-level counts toward degree completion.

GENERAL EDUCATION REQUIREMENTS (30 CREDITS)

MATHEMATICS (5 credits)

OPE 116B

ENGLISH COMPOSITION (3 credits)

ENG 101 or 102 or 107

COMMUNICATIONS (3 credits)

COM 101 or 215; or ENG 101

HUMAN RELATIONS (5 credits)

OPE 283B

NATURAL SCIENCE (5 credits)

OPE 201B

FINE ARTS/HUMANITIES/SOCIAL SCIENCE (3 credits)

ANTH 101; ART 160; ECON 102; MUS 121, 125; PHIL 102; PSY 101; SOC 101

U.S. AND NEVADA CONSTITUTIONS (6 credits)

HIST 101 and HIST 102; or HIST 101 and HIST 217

SPECIAL PROGRAM REQUIREMENTS (30 CREDITS)

OPE 101B	Introduction to Apprenticeship/Operation and Maintenance	5
OPE 110B	Technical Sketching	5
OPE 111B	Land Surveying	5
OPE 117B	Applied Math for Surveyors	5
OPE 121B	Boundary Surveys	5
OPE 122B	Construction Surveys	5

- NOTE**
- Course numbers with the "B" suffix may be non-transferable for a NSHE baccalaureate degree.
 - Course numbers with the "H" suffix are designated Honors-level courses and can be used to fulfill equivalent general education requirements. For more information visit www.csn.edu/honors.
 - In no case, may one course be used to meet more than one requirement except for the Values and Diversity general education requirement which may be used to fulfill the corresponding general education or emphasis requirement.
 - Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
 - Any OPE journeyman course offered for credit may be substituted for any of the above OPE apprenticeship courses. Please contact the program coordinator for more details.
- Special consideration will be given students who complete the Operating Maintenance Engineers Associate of Applied Science if they are affected by the retroactive six year rule.
